

## “Clarification & Enhancement of Aeronautical Knowledge for Helicopter Pilots”

This is a great course put together by Mike Franz to help make pilots safer. IHST Safety Committee member & FAASafety Representative, Mike Franz, will hold a seminar to enhance aeronautical knowledge of helicopter pilots. Please call Colorado Heli-Ops if you are interested: (303) 466-4354. There is a fee to cover lunch, course materials and venue rental. Everyone that has taken this course, and there have been many, raved about the value and time well spent.

**Directions:** From 120th Ave., turn right on to Airport Way. The Mount Evans Room is upstairs at the back of the lobby in the Terminal Building at Rocky Mountain Metropolitan Airport.

### A message from the National FAASafety Representative

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
